AWARDS & CONTESTS

During Sports Camps, there are multiple
awards handed out during the week. We call
one of those the 'Camp Reference' award;
this award will be given to one camper in
each of the sports camps who brings along
his/her friends! The more references you
have the better chances you have at winning
(minimum of four references needed to qualify).

What's so significant about this award? It's
that it has a great reward! The winner of the
'Camp Reference' award will receive a **full
refund** of the camp registration fee! Be sure
to invite your friends to improve your odds!
